DETAILED ACTION

Claims 1-8 are pending.

The office action issued on 1/26/2005 is vacated due to new ground of rejection. The terminal disclaimer filed on 12/21/2004 had been approved.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 1-6, the claims fail to provide the structures of the carbocyclic or heterocyclic skeleton as a recognized chemical structure. The term "about 6 " is not acceptable since the claimed compound must have a certain amount of carbon atoms and/or the hetero-atom(s) as well in a defined chemical structure, the term "about" should be deleted. The term "carbocyclic " and " heterocyclic skeleton" can mean any compounds in the art and what utilities do they possess. In claims 7 and 8, the term "comprises" is an open-ended term, it can embrace a variety of various compounds or compound moieties known or unknown in the art.

Applicant's remarks filed on 12/21/2004 had been considered, but it becomes moot due to the new ground of rejection. The obviousness double patenting rejection has been withdrawn.

No claim is allowed.
